- The Card is a prepaid, reloadable Mastercard card which means that it can be used to pay for goods and services from merchants in Australia and around the world who accept Mastercard prepaid cards, including online purchase transactions;

10. SIGNIFICANT RISKS TO CARDHOLDERS

Some of the risks that may be associated with the use of the Card are outlined below. The risks described are intended to be a summary of the major risks associated with the Card and are not exhaustive. There may be other risks that relate to the use of your Card.

Significant risks to cardholders are:

- the ability to access the Stored Value on the Card is ultimately dependent on DiviPay transferring the Available Balance from your DiviPay Account to EML. Accordingly, if DiviPay becomes insolvent or if there is otherwise a delay in the transfer of your Available Balance, there is a risk you may not be able to access the Stored Value on the Card;

- Unintended transactions can happen if electronic equipment with which the Card is being used is operated incorrectly or incorrect details are input;
- Unintended transactions may occur if you have multiple cards added to your Device Wallet and you have unintentionally used your Card for purchases inadvertently;
- you might not be able to get your money back if Unauthorised Transactions or unintended transactions occur;

- if the electronic network enabling the use of the Card is unavailable, you may not be able to undertake transactions or get information using the Card;
- your Device could be lost, destroyed or stolen;
- the Financial Claims Scheme does not apply in relation to the Card or your Available Balance.

11. IMPORTANT INFORMATION ABOUT THE FINANCIAL CLAIMS SCHEME

The Financial Claims Scheme is a scheme administered by the Australian Prudential Regulation Authority (APRA) to protect depositors of authorised deposit-taking institutions from potential loss due to the failure of these institutions. It provides depositors with a guaranteed protection, up to a cap. As at the date of this PDS, the Financial Claims Scheme applies to deposits only. It does not extend to prepaid card products (including the Card). The Financial Claims Scheme does not protect any Available Balance held on your Card.

For more information, see APRA's website at <https://www.fcs.gov.au>

12. YOUR TAX LIABILITY

You should get your own independent tax advice in relation to the impact your use of the Card may have on your personal tax liability as EML has not taken into account your individual circumstances or needs when arranging for the distribution of your Card.

13. OTHER IMPORTANT INFORMATION

There are some other important things you need to be aware of about the Card:

- it does not generate any interest or other return to the holder. In other words, you do not earn interest on the value loaded to the Card;
- value loaded on your Card from the DiviPay Account will usually become available for use by you immediately for in-person transactions and card not present transactions;

- letting you know who is handling your complaint;
- keeping you informed of what is happening; and
- aiming to resolve your complaint within 21 Business Days.

Once your complaint is resolved, we will check with you to make sure you are satisfied with how your complaint was handled.

Where your Card is used for Unauthorised Transactions, we will seek to reverse the transaction if we can under the Mastercard Scheme Rules. It is your responsibility to regularly review your online transaction history to identify Unauthorised Transactions. Under these Terms and Conditions, we may not be responsible for any loss to you if you do not dispute an Unauthorised Transaction within 45 days.

At the time, Mastercard's prevailing exchange rate is US\$1.00 = \$0.95 Australian;

You spend US\$200.00;

15.10. LOSS, THEFT AND MISUSE OF CARDS

If you know or have reason to suspect that your Card or Device is lost or stolen or damaged, likely to be misused or you have reason to suspect that someone else may know the Passcode or Identifiers, you must immediately notify DiviPay or EML. We will then suspend your Card to restrict further use.

You may be required to confirm details of the loss, theft or misuse in writing (and to provide particular information in the confirmation) and you must comply with that requirement.

If any lost Device is subsequently found, you must not attempt to use the Card associated with that Device.

In that event, you will need to contact DiviPay at customerservice@divipay.com or EML and arrange to be issued with a new Card. There is no fee involved to have a replacement Card issued. Where applicable, you may also need to add your Virtual Card or your Tokenised Card back to your Device Wallet once you receive any replacement.

15.11. LIABILITY FOR UNAUTHORISED TRANSACTIONS

Your liability for losses arising from Unauthorised Transactions will be determined under the ePayments Code.

Circumstances where You will not be liable for loss

You will not be liable for losses resulting from Unauthorised Transactions where it is clear that you have not contributed to the loss.

You will not be liable for losses resulting from Unauthorised Transactions that are caused by:

- fraud or negligence by our employees or agents, a third party involved in networking arrangements, or a merchant or their employee or agent;
- a Card or Identifier which is forged, faulty, expired or cancelled;
- a transaction requiring the use of a Identifier and/or Pass Code that occurred before you have received the Card and/or Pass Code (including a reissued Card and/or Pass Code);

- a transaction being incorrectly debited more than once to your Card; or
- an Unauthorised Transaction performed after you have informed us that your Card has been misused, lost or stolen, or the security of a Pass Code has been breached.

You are not liable for loss arising from an Unauthorised Transactions that can be made using an Identifier (e.g. a PAN) without any other Card details. Where a transaction can be made using the Card, or a Card and an Identifier, such as a contactless purchase using the Tokenised Card, you are liable only if you unreasonably delay reporting the loss or theft of a Device which stores the Card.

Circumstances where You will be liable for loss

You are liable for loss resulting from an Unauthorised Transaction if we can prove on the balance of probability that you contributed to the loss through fraud or breaching section 15.9 and 15.10 of these Terms and Conditions. In those circumstances you are liable in full for the actual losses that occur before the loss, theft or misuse of a Device is reported to us but:

- you are not liable for the portion of losses incurred on any one day in excess of any applicable daily transaction limit; and
- you are not liable for the portion of losses incurred in any period in excess of any applicable periodic transaction limit; and
- you are not liable for the portion of losses that exceeds that Available Balance; and
- you are not liable for the portion of losses incurred if we and you had not agreed that the Available Balance could be accessed using the Card or Identifier (e.g. the PAN) used to perform the transaction.

You will be liable for losses arising from an Unauthorised Transaction if we can prove on the balance of probability that you contributed to those losses by unreasonably delaying reporting the misuse, loss or theft of a Device, or that the security on your Device has been breached. In those circumstances, you are liable in full for the actual losses that occur between when you become aware of the security compromise, or should reasonably have become aware in the case of a lost or stolen Device, but:

- you are not liable for the portion of losses incurred on any one day in excess of any applicable daily transaction limit; and
- you are not liable for the portion of losses incurred in any period in excess of any applicable periodic transaction limit; and
- you are not liable for the portion of losses that exceeds the Available Balance; and
- you are not liable for the portion of losses incurred if we and you had not agreed that the Available Balance could be accessed using the Card or Identifier (e.g. the PAN) used to perform the transaction.

If you report an Unauthorised Transaction, we will not hold you liable for losses arising from the Unauthorised Transaction for an amount greater than your liability if we exercised any rights under the rules of the Mastercard scheme, at the time of the report, against other parties to the Mastercard scheme (for example, chargeback rights).

Important Information about Chargebacks

In some circumstances, you may be able to request a chargeback of a transaction when you have a dispute with a merchant, such as the merchant's failure to supply the goods or services you paid for.

A chargeback is a right under the Mastercard card scheme rules by which a transaction can effectively be reversed by us debiting an amount to the merchant's financial institution and crediting back to your Available Balance. We can only process chargebacks if the Mastercard card scheme rules allow us to.

If you believe that you are entitled to a chargeback, you must notify us as soon as possible by contacting EML.

The Mastercard card scheme rules impose time limits for initiating chargebacks. The time limit is generally 90 days from the date of the disputed transaction.

If you request a chargeback, we may need you to provide additional information. If we do ask you for additional information and you do not provide it within 10 days, then you may lose any rights to the chargeback and if it has already been processed, we may reverse it.

Please note that if we process a chargeback, the merchant may have rights under the Mastercard card scheme rules to have the transaction investigated further, and this can in some circumstances result in the chargeback being reversed (which means the original transaction might be reinstated by being debited to your Available Balance).

15.12. TRANSACTIONS

You acknowledge that you will not receive paper statements from us regarding the operation of your Card. Periodic statements showing the transactions on your Card and the Available Balance are available on the Website or the DiviPay App.

Provided you have registered your Card, it's balance and transaction history will be made available 24 hours a day, 7 days a week, through the Website or the Device Wallet and can be accessed on the DiviPay App at no charge (see section 15.4 "Using the Card").

If you notice any error (or possible error) in any transaction or statement relating to the Card, then you must notify EML immediately. We may request you to provide additional written information concerning any error (or possible error) and you must comply with that request.

It is your responsibility to regularly review your transaction history to identify Unauthorised Transactions.

15.13. CARD EXPIRY

The Card is valid until the expiry date shown on it, unless it is cancelled before then.

Your Card cannot be used after expiry. You cannot access any value loaded on the expired Card unless a replacement Card is issued to you.

We may issue you with a replacement Card (if requested by you) at any time after expiry and provided you have registered your details with us, including your name and Australian address. We reserve the right not to issue a replacement Card to you, in which case we will return any Available Balance on your Card to you.

15.14. REPLACEMENT CARDS

If your Card or Device is misused, lost or stolen, you should notify DiviPay or EML in accordance with section 15.10 so that your Card can be cancelled.

You can request DiviPay or EML to provide you with a replacement Card.

A replacement Card will be arranged after you notify us that your Card or Card details are misused, lost or stolen in accordance with section 15.10 and the misused, lost or stolen Card has been blocked. You will need to register and activate the new Card in accordance with section 15.4 and add your Tokenised Card to your Device Wallet.

15.15. CARD REVOCATION AND CANCELLATION

You may ask for the Card to be cancelled at any time. If you ask for the Card to be cancelled and we ask you to, you must not use the cancelled Card and where applicable, you must also remove the Tokenised Card from your Device Wallet.

EML or Divipay may cancel your Card at any time. Where possible, we will give you 20 days advance notice of the cancellation. However, we may act without prior notice if:

- we believe that use of the Card may cause loss to you or to us; or
- we believe that it is required for security purposes; or
- you breach any material term or conditions of this PDS, including these Terms and Conditions; or
- we suspect the Card has been used illegally.

If we cancel your Card, we will give you notice as soon as reasonably practical afterwards.

We may revoke the Card at any time without cause or notice. If we ask you to, you must surrender or destroy the revoked , where applicable, remove the Tokenised Card from your Device Wallet and you must not use the revoked Card. When you surrender the Card, you must give us your correct name and contact address.

On the revocation or cancellation of the Card, we will pay the Available Balance to you when:

- we are satisfied that there are no un-cancelled or unexpired authorisations or approvals on your Card;
- we are satisfied that there are no further amounts that we will be debiting, or that we anticipate debiting, against the Available Balance;
- we are satisfied the funds on your Card belong to you; and
- you give EML instructions to pay the Available Balance by sending it to your DiviPay Account.

In circumstances where your card remains transactionally inactive (i.e. there are no reloads or transactions) for a continuous period of no less than 120 days, either DiviPay or EML may determine to suspend and or then cancel your Card in order to avoid you incurring ongoing costs and charges without receiving any benefits of the Card.

15.16. ACCESSING YOUR AVAILABLE BALANCE IF YOU DON'T HAVE A CURRENT CARD

Whether or not you have a current Card to transact against your Available Balance, you may instruct us or DiviPay to pay the Available Balance by sending it to your DiviPay Account (Funds Redemption Request). You may be able to do this through the Website or by contacting us. We do not have to process a Funds Redemption Request until we are satisfied of your identity.

Upon receiving a Funds Redemption Request, we will pay the Available Balance to you when:

- we are satisfied that there are no un-cancelled or unexpired authorisations or approvals on the Card; and
- we are satisfied that there are no further amounts that we will be debiting, or that we anticipate debiting, against the Available Balance.

15.17. LIABILITIES AND DISCLAIMERS

We are not liable:

- if, through no fault of our own, the Available Balance is not enough to cover a transaction;
- if, through no fault of our own, a terminal or system does not work properly;
- if circumstances beyond EML control prevent a transaction, despite any reasonable precautions having been taken by us;
- for any loss resulting from any failure due to events outside our reasonable control;
- for any loss resulting from any system failure or industrial dispute outside our reasonable control;
- for any industrial dispute;
- for the way in which any merchants refuse to accept the Card;
- for any indirect, special or consequential losses;
- for any infringement by you of any currency laws in the country where the Card is issued or used;
- for any dispute between you and the supplier of any goods or services purchased with the Card;

- for our taking any action required by any government, federal or state law or regulation or court order; or
- for anything specifically excluded or limited elsewhere in these Conditions of Use.

However:

- your liability for Unauthorised Transactions will be determined according to the ePayments Code; and
- we will not avoid any obligation to you under the ePayments Code on the basis that another party to a shared electronic payments network (to which we are also a party) has caused the failure to meet the obligation.

Our liability in any event shall not exceed the amount of the Available Balance except in relation to:

- Unauthorised Transactions; and
- consequential losses arising from a malfunction of a system or equipment provided by any party to a shared electronic network (unless you should reasonably have been aware that the system or equipment was unavailable or malfunctioning, in which case our liability is limited to correcting any errors and refunding any fees or charges imposed on you).

If any warranties or conditions are implied because of Part 2 of the Australian Securities and Investments Commission Act 2001 or any similar law in respect of services supplied under these Terms and Conditions or in connection with the Card, then our liability for a breach of such a warranty or condition will in any event be limited to:

- the supplying of the services again; or
- the payment of the cost of having the services supplied again.

EML does not make or give any express or implied warranty or representation in connection with the Card (including quality or standard or fitness for any purpose), other than as set out in the PDS and these Terms and Conditions or when the warranty or representation is imposed or required by law and cannot be excluded.

EML's obligation to you in relation to the functionality of the Device Wallet is limited to securely supplying information to Pays Providers in order to allow the use of the Card within a Device Wallet. We are not otherwise liable for the use, functionality or availability of the Device Wallet, the availability of compatible contactless terminals, or a reduced level of service caused by the failure of third party communications and network providers (except to the extent that we are deemed liable under the ePayments Code).

You will need to agree to the respective Pays Provider's terms and conditions in order to use the Tokenised Card.

Any failure or delay to enforce a term of these Terms and Conditions does not mean a waiver of them.

15.18. ANTI-MONEY LAUNDERING AND COUNTER TERRORISM FINANCING OBLIGATIONS

EML is subject to the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 and the rules and other subordinate instruments under the Act (AML/CTF Laws). - transactions may be delayed, blocked, frozen or refused where we have reasonable grounds to believe that they breach Australian law or sanctions (or the law or sanctions of another country). Where transactions are delayed, blocked, frozen or refused, EML is not liable for any loss you suffer (including consequential loss) howsoever caused in connection with your Card;
- EML may from time to time require additional information from you to assist us in the above compliance process; and
- where legally obliged to do so, EML will disclose the information gathered to regulatory and/or law enforcement agencies, DiviPay, other service providers or to other third parties.

You provide EML with the following undertakings and indemnify EML against any potential losses arising from any breach by you of such undertakings:

- you will not initiate, engage or effect a transaction that may be a breach of Australian law or sanctions (or the law or sanctions of any other country); and
- the underlying activity for which your Card is being provided does not breach any Australian law or sanctions (or the law or sanctions of any other country).
